Parking

See map below for directions to choice of two car parks (our private car park which has limited spaces and a public car park which is just across the road from us).

Private car park: There is a barrier at the entrance. Press the button labelled 1B and we will raise the barrier. Our spaces are straight ahead at the back of the car park. Once parked walk back towards the first building and turn right. Once around the left hand bend turn right down the alleyway. Our entrance is on the left just before reaching the gate.

Public car park: Once parked cut through on the alleyway to High Street. Cross the road and turn right, proceed through the gate on the left and our entrance is then on the right.
